

Activate your NERSC Training Account

- Go to: <https://iris.nersc.gov/train>
- Enter the Training Code: “dGZ0” along with your details
- **Important: make a copy of your login and password** you won't be able to change these, nor recover them later!!!
- This account will be active until April 28

The screenshot shows a web interface titled "Iris Registration Completed". Below the title, it states "You can soon access NERSC systems with the following credentials:". There is a green box containing two input fields: "Username:" and "Password:". Below this box, it says "Please make sure to remember the username and password. They will not be shown again." and "We're setting up your account. Your account should be ready in about 30 sec-s."

Activating your MongoDB for FireWorks

- Log into Perlmutter using your training account password
`ssh trainXYZ@saul-pl.nersc.gov`
- Retrieve the MongoDB credentials shared with your account
`take -u usinha -a`
- This will transfer the MongoDB credentials to a folder in your \$HOME directory
`trainXYZ@login01:~> ls credentials-for-db-fw*_*`
- Use your favorite editor to open
`credentials-for-db-fw_trainXYZ-on-mongodb05.nersc.gov`
- Test your credentials by logging into MongoDB:
`trainXYZ@login01:~> module load mongodb`
`trainXYZ@login01:~> mongosh -u fw_trainXYZ_admin mongodb05.nersc.gov/fw_trainXYZ`
`<<Provide your mongo admin pwd>>`
- Keep your credentials file - you will need it to initialize FireWorks
- Your training databases will be removed in May. NERSC Users may request a permanent database using the form provided at <https://docs.nersc.gov/services/databases/>
